Reception space furniture

GEOMETRIC

Organic, Unconventional, a real Free Spirit.

Geometric breaks all the rules of conventional reception desk design where symmetry would normally play a major part.

Perhaps anarchy is too strong a word for this style but 'no rules thank you' is the message it conveys.

Designers Comment:

"If you set out to design a reception desk without one angle, plane or dimension repeating itself you could end up with a disaster, or, you could create something really great. It's a fine line but Geometric nails it!"

Key features

Solid Surface Material (Corian)

Spray Lacquered

3m,4m,5m,6m Options Available

Easy to specify modular components CAD and BIM files available

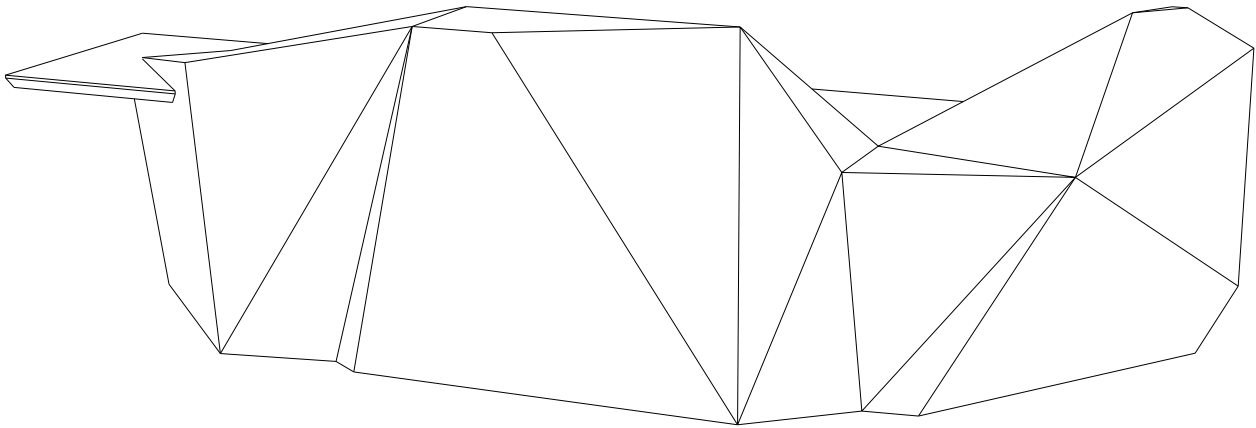

DDA modules available

Various colour options available

Available in 4–6 weeks

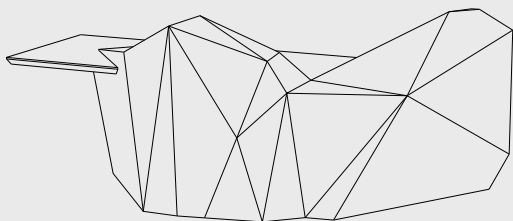

Geometric Typical Configurations & Modules

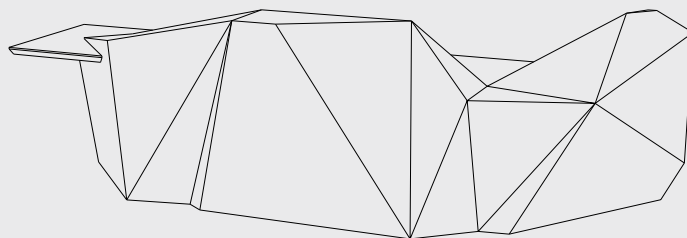

Configuration Code: **GEO4000**
Module Size: **4000mm**

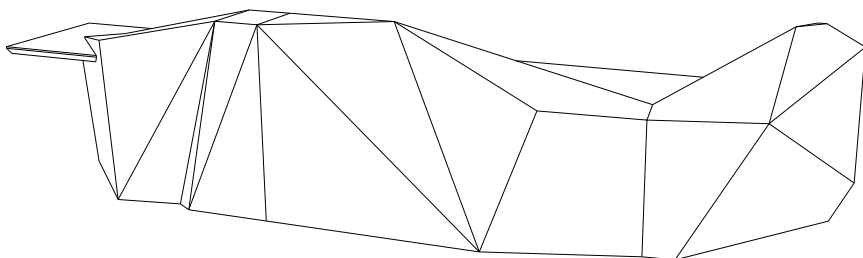

Geometric Modules

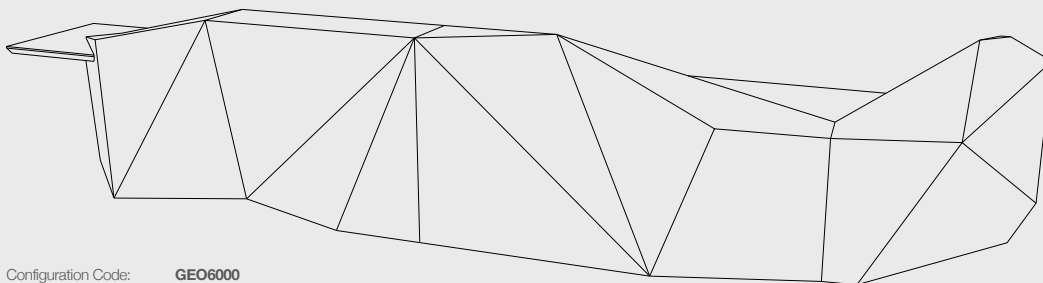

Configuration Code: **GEO3000**
Module Size: **3000mm**

Configuration Code: **GEO4000**
Module Size: **4000mm**

Configuration Code: **GEO5000**
Module Size: **5000mm**

Configuration Code: **GEO6000**
Module Size: **6000mm**
